# Barrett Everlastie Roofings

## and Specialties

**F**OR over sixty years we have been making roofings and other materials for farm and home. Every article on our list, therefore, may be bought with absolute assurance that it will be found thoroughly practical and reliable in every way.

**EVERLASTIC MULTI-SHINGLES**—Four shingles in one, each strip being as easily laid as a single shingle of any other kind. Saves labor and nails. The surface is "slated" in red or green. These Everlastic Multi-Shingles give a double thickness all over the roof, with three thicknesses where the wear is most severe. Fire-resisting.

**EVERLASTIC SLATE-SURFACED ROOFING**—A really splendid roofing, beautiful and artistic when laid. Slate-surfaced, yet sold in rolls. Made from the same materials as Everlastic "Rubber" Roofing with a special wearing-surface of crushed-slate particles, either red or green. Makes a fire-resisting and very durable roof.

**EVERLASTIC TYLIKE SHINGLES**—Same material as the Multi-Shingles, in red or green. Cut in single shingles, 8 x 12<sup>3</sup>/<sub>4</sub> in. Lay like ordinary wooden shingles and provide a triple thickness all over the roof. Make a beautiful, fire-resisting roof that will give long service.

**EVERLASTIC "RUBBER" ROOFING**—The most widely used of all our roll roofings, protecting hundreds of thousands of buildings all over the world. Tough, pliable, water-proof, and low in price. Very easy and economical to lay as no skilled labor is required. Nails and cement packed in each roll.

**ELASTIGUM**—This wonderful water-proof cement has a hundred different uses. Especially useful for mending gutters, joints around chimneys, parapets, skylights, etc. It is easy to apply, is acid-proof, damp-proof, and it sticks. Can be used in wet weather.

**BARRETT'S CARBOSOTA LIQUID CREOSOTE OIL**—Is the most efficient wood-preservative on the market today. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growth and insects, and resistance to the action of water and air. Its use will cut your wood-preserving bills in half.

**EVERJET ELASTIC PAINT**—Everjet is a high-grade carbon paint for industrial use; has no equal for protecting metal of all kinds against corrosive action of acids, alkalis, fumes, vapors, etc. Being elastic, extremes of heat or cold do not affect it. Water-proof and fire-retarding. Gives a perfect coating unbroken by pinholes or blebs. Try it.

  - 43—Cor Lincoln av and Northampton Road
  - 64—Amherst College. Private box
  - 72—Junction Walnut and Woodside av

Never ring in an alarm for fire seen at a distance. Always use the box nearest the fire

To ring in an alarm, break glass in little box, take the key, unlock the box, and pull the lever down once and let go

Persons ringing in an alarm will please remain at box until the firemen arrive so as to direct them to the fire

One round of box struck every day at 12.05 p. m. Two blows indicate fire out.

# TO THE PEOPLE OF HAMPSHIRE COUNTY

The electric motors in your factories, the lights in your shops, offices and homes—all of the multitude of comforts, conveniences and necessities which electricity gives to mankind are made possible by the work of your fellow citizens who are the heart and soul of the public utility corporations.

The men who make up the organization you know as your electric light and power company are rendering a service of first importance to this community.

Through their loyal efforts and through the efforts of the engineers who have planned it and the stockholders who have lent their money to build it, an organization has been created for YOUR service.

We need your good will and your need ours, so let us pull together for the good of all, remembering that the prosperity of THIS COMMUNITY depends on the healthy development of our industries and utilities.
